COMBINED ENVIRONMENTAL AND OCCUPATIONAL HEALTH AND SAFETY (EOHS) MANAGEMENT SYSTEMS LEAD AUDITOR WITH ISO 14001 AND ISO 45001

We teach you how to audit for improving safety and the bottom line

This five-day class teaches:

- Requirements of ISO 14001 and 45001
- Application of the standards for EOHS
- Assessing Environmental Impacts
- EMS Policy and Objectives
- Audit Planning and Preparation
- Environmental and OHS Legislation and Regulation (USA)
- Documenting the EOHS MS
- Performing and Reporting the Audit
- EOH Education and Training
- Corrective Action and Follow-up
- Monitoring and Improving EOHSMS
- Registration, Accreditation and Auditor Certification

Students gain competencies in:

- Assessing Environmental Impacts
- Assessing and Mitigating Risks
- Preparing for an audit
- Writing a Checklist
- Opening Meeting
- Audit Investigation
- Writing Nonconformity Statements
- Closing Meeting
- Reporting the Audit
- Corrective Action

Attendees successfully completing the examinations provided in conjunction with this course receive a Certificate of Attainment for these QMII knowledge competency units:

14001 – Environmental Management Systems
45001 – Occupational Health and Safety Management Systems
AUDITOR – Auditing Management Systems
TEAMLEAD – Leading Management Systems Audit Teams

Exemplar Global

This course is recognized by Exemplar Global as meeting the training requirements for EMS and OHS Lead Auditor personnel certification.

While ISO 14001 and 45001 are used as the model for teaching audit, this class enables students to develop and apply auditing skills using any recognized management system standard.

A prior review of ISO 14001 and ISO 45001 is suggested for this course.

Call 888.357.9001 today to schedule training or get more information about our training, consulting, and auditing services.
