

QUALITY MANAGEMENT SYSTEMS AUDITOR TRAINING USING ISO 9001

We teach you how to use auditing to improve your organization.

Each three-day class covers the following:

- Quality management principles
- System and process audit – An Overview
- Planning and preparation
- Interpretation of ISO 9001
- Performing the audit
- Corrective action and follow-up

The workshops include:

- Process Analysis
- Audit Scheduling
- Process Review and Checklist Preparation
- Audit Investigation - Obtaining Evidence
- Audit Investigation - Evaluating Evidence
- Writing Nonconformity Statements

Attendees successfully completing the examinations provided in conjunction with this course receive a Certificate of Attainment for these QMII knowledge competency units:

9001 – Quality Management Systems
AUDITOR – Auditing Management Systems

This course is recognized by Exemplar Global as meeting the training requirements for 9001 – Quality Management Systems Auditor personnel certification.

Even though ISO 9001 is used as the model for teaching systems and audit, this course enables students to develop and apply auditing skills using any applicable management system standard.
